REPORT OF LIBRARY TRUSTEES

This year has been much like the preceding one as to the number of accessions of books and of those using the library. We were fortunate in having Mrs. R. A. Hicks continue as librarian. She not only gives helpful consideration to all asking for books, but loans many of her own as well. Mrs. Alden D. Colby again made a generous loan of books.

Limited funds necessitate care in the selection of new books. We recognize the fact that an undue proportion of fiction is purchased, this is determined by the demand. However, the proportion of children's books secured was high.

Loans have been made to the Mary J. Sanborn Library at North Danville, of which Miss Edna J. Towle is librarian. The book mobile of the New Hampshire State Library now makes regular trips to North Danville and is very helpful in furnishing books specially requested. It is also cooperating with the Danville Schools.

The expenditures for the library during the year appear in the town's financial report.

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

REPORT OF MUSIC TEACHER

To the Superintendent and School Board of Danville, N. H.

I hereby submit the annual report of the music department.

The Eaton School has had a year of many and varied activities. Following the operetta, "The Magic Beanstalk" which was presented during the winter term, the pupils prepared musical numbers for the Parent Teachers' Association and for graduation in the spring. The Christmas program this year was in the form of a pagaent. It was given at the Danville Church, Dec. 21st. The entire school participated.

In addition to the above activities, the usual program has been carried out. Each child has been given instruction in music theory, music appreciation and folk dancing appropriate to his grade. The pupils enjoy their music and are willing students. Great interest is especially shown in folk dancing. Rhythmic activities of any kind are very popular.

It is the aim of our school music program to give a broad intellectual experience and to present it in such a way as to create interest and enthusiasm. It is hoped that through the activities above named our aim has been accomplished.

As each school year closes, we, as teachers hope that through our efforts the road to adulthood has been made a little easier for our young people. Educators of today agreed that through music adjustment to the adult world is simplified. Therefore, music should and does take an important place in the curriculum of the modern school.

In conclusion, I wish to express my appreciation to the School Board, superintendent, teachers, parents, pupils and other citizens for their continued cooperation in the accomplishment of my work.

Respectfully submitted,

PRUDENCE HAYES

HEALTH SUPERVISION

To the Superintendent of Schools and School Board
of Danville, N. H.

Of the 83 pupils examined during the school year,
1947-1948, the following cases were found and treatment
was given as indicated.

	No. Cases	No. Receiving Treatment	No. Corrections or Improved
Underweight	9	7	
Defective Vision	2		2
Nervous Condition	1	1	
Skin	2	2	
Orthopedic	1		1
Posture	4	3	1
Defective Teeth	13		2
Diseased Tonsils	4		2
Enlarged Glands	4	1	
Defective Speech	1		
Breathing	1	1	
Scarlet Fever	1		
Pediculosis	3		
Skin Diseases	17		

The health of the school children during 1947-1948 was
unusually good. We had no serious epidemics.

The annual health examination of eyes, ears, teeth,
throats and skin was made during the early part of the

school year. This examination was followed up with home calls for the correction of physical defects, and any other conditions which would result in having healthier and happier children.

The usual health program is being carried on with frequent visits to the schools, close contact with parents, teachers and pupils.

Our greatest need is dental work. It is impossible to secure the services of a dentist for clinic work. This condition exists in all parts of the State. Therefore, I ask the parents to assume the responsibility of getting their children to their own dentist at least once a year.

I sincerely thank the School Board, teachers, parents and many others for their continued fine cooperation.

Respectfully submitted,

CONSTANCE COOPER, R. N.
School Nurse

SUPERINTENDENT'S ANNUAL REPORT

January 6, 1949

To the School Board and Citizens of Danville:

It is with pleasure that I submit my second report as Superintendent of your schools.

The major problem facing all of us today is finding the money to give our children the type of education they deserve. All phases of education are costing more money and there seems little chance of a recession. One item which has affected the budget in the past two years is High School tuition. In 1946 this item amounted to \$2,012., next year it will be approximately \$7,000. All other budget items are on the increase comparatively.

We are also experiencing increased enrollments in the elementary school which will be felt for the next ten years.

It is hoped the same form of State or Federal legislation will aid this situation financially in the near future.

GUIDANCE

No school can have an efficient instructional program without knowing what it is accomplishing. It must know what is happening to boys and girls as well as what it is teaching them. The children in your schools are being given new type intelligence tests this year that measure both verbal and non-verbal. These tests will tell what a child is thinking as well as doing. Parents are urged to consult with teachers concerning their child's school progress.

The tests are being corrected and processed in the Superintendent's Office thus saving much valuable time. Standardized Achievement tests will be given next year.

REPAIRS

The School Board has replaced the worn out water pump and installed an oil burner in the furnace. These two items were of an emergency nature and had to be fixed in order to keep the schools open in an efficient manner. Other minor repairs have also been completed.

TEACHERS

Danville is fortunate in retaining a veteran teaching staff who are an asset to any town. Fine work has been done in public assemblies and art work.

P. T. A.

The P. T. A. has raised sufficient money to purchase a motion picture projector for the Eaton School. This is a fine gesture and will greatly aid the teachers in furthering better education. Citizens of Danville should be proud of their P. T. A. and should give thanks for the fine work they are doing.

In closing I wish to express my appreciation to the School Board, teachers, pupils and citizens of the community for their hearty cooperation during the past year.

Respectfully submitted,
ARTHUR W. DANIELSON,
Superintendent.
